Your Lake Association has worked diligently over the past several years "to preserve and protect Van Vliet Lake and its surroundings" in many ways. There are expenses involved in this work and, as in many other aspects of life, those expenses are on the rise. For this reason, the minimum dues will increase to \$15.00 per voting member as of this year. Membership is open to all property owners within 1 mile of Van Vliet Lake or persons resident within 1 mile for at least 30 days per year.
